Quantity Info

We are often asked about how much food our customers should order for their events to ensure that they have plenty for their guests without having too many leftovers. Our first answer is this: You know your guests better than we do, and we will default to what you think is best. We want you and your guests to be satisfied, so please feel free to use this chart as a simple guideline when ordering Sunset's delicious offerings. And of course, give us a call or send an email inquiry if you're just not sure!

APPETIZERS (by the piece)

For appetizers before dinner, we recommend 3-4 pieces per person.

For an event serving only appetizers, we recommend 6-8 pieces per person.

CHEESE/CHARCUTERIE

We recommend 2-4 ounces per person.

DIPS/SPREADS

We recommend 2-4 ounces per person, but we think that you should have as many chips or veggies as you would like!

SALADS

We recommend 8-10 ounces per person for an entrée serving, and 4-5 ounces per person as a side items.

VEGETABLES AND SIDE DISHES

We recommend 4-6 ounces of each item, allowing for 2-3 side dish items available.

ENTREES

We recommend 6 ounces per person for a lunch portion and 8-10 ounces per person for a dinner portion.

DESSERTS

We would never limit this...

BEER & WINE

There are 4-5 servings for each bottle of wine, and we recommend 1-2 twelve ounces bottles of beer per person per hour.

FAQ's

How far in advance does the customer have to place an order for catering?

We ask that you give our kitchens at least 48 hours to ensure the best possible preparation and time for scheduling your request.

Does Sunset Foods deliver?

We sure do! As long as your event's location is within a reasonable distance from one of our stores, we are happy to bring our food to you. Delivery fees are calculated based on your location and whether our drivers need to return to pick up any equipment.

So you have equipment that we can rent for our event?

Yes, we do. We have Hot Boxes, Chafing Dishes, Beverage Tubs and Decorated Baskets available for a reasonable fee, and our staff can set up any of those items for an additional fee for your event. We want to make sure everything is how you want it before we leave your event location. Our Catering menu proposals will include any and all fees/information so you know exactly what is being charged.

What is included with our food order if we don't need any equipment?

Our food delivery service (or pick up, you choose!) includes beautifully prepared foods nicely displayed on heavy duty black plastic trays or bowls, along with heavy duty disposable black plastic serving utensils. Paper goods, cups, eating utensils or disposable table cloths are available for an additional fee.

I want to host an event, but I have no idea what to serve or how to start. Can you help?

We would love to help you plan your event! Just contact our Catering Department, and we will talk with you about guest count, timing and all of the details before we make recommendations about seasonally appropriate menus and quantities. We love coming up with creative new ideas with you to ensure your event is just how you envisioned.

Can I order any Catering online?

Yes, we have standard items available for ordering. Head over to our website at Sunsetfoods.com/catering and you will be directed on how to place your order. And if you have any questions along the way, please just give our Catering Department a call.
